 SOMEONE HAS DISTURBED THE FLOW OF
TIME!

Well, Rudy was playing with the clock again when the Terminator came back a third time to awaken the Machines. Merlin tried to reorient the direction of time's flow and really got things screwed up...as a result, the galaxy's premiere arcade nostalgia show got sliced and diced in Doc Brown's flux capacitor! **CA EXTREME** has now time-warped to July 26 - 27! At least space didn't get distorted, we will still appear like magic at San Jose's Convention Center in Parkside Hall. Even though you now know that time can be fickle, try to mark your calendars (better nail them to the wall for good measure...) since you sure won't want to miss this gathering of time machines! That's right, there will be a few hundred time machines collected in one spot for your personal temporal excursions! Pinball machines to take you back to the malt-shops of the 50's or the pool halls of the 70's...video games to transport you back to the days of disco and pizza parlors. Come get warped with us!

Why? They don't make fun like that anymore!
No, really. Why? Because a dedicated band of enthusiasts wants to share their passion and nostalgia for the halcyon days of their mis-spent youth, when quarters did not last long in their pockets, and fun was measured out in "Specials" and not tickets...and it's all on Free Play!
