SUBJ: FYI: Sega Showcase Backbox...
 Look what's new at Sega Pinball!

During the **AMOA Show** in Dallas, we were proud to *introduce* our new **SEGA SHOWCASE BACK-BOX** on **SPACE JAM**. We appreciated your response and are continuing to go ahead with the **SHOWCASE BACKBOX** design.

Space Jam Production games have *new added features* to ensure transportation **AND** shipping reliability. 1 feature is the **Cabinet Stop Blocks**, when the Backbox is tilted forward, these blocks hold the Backbox hinges, keeping the Backbox from touching the Playfield Glass. Along with this added feature, is the **Backbox Top Support Bracket**, which further supports the Backbox in the down position while transporting.

NEW DESIGN!

Please ensure that customers who purchase these games understand these procedures. These procedures are also outlined in the **SERVICE MANUAL**.

Please call or fax with more questions or voice your concerns at the below phone numbers.
